

Spectralink 7532

Stylish and Feature-rich Handset
for Administrative Personnel

The Spectralink 7532 wireless DECT handset is elegant yet robust with a long list of features specially designed to increase user, as well as business productivity. The large color display and the intuitive menu structure makes the handset a valuable and preferred choice for mobile workers in administrative environments across the range of vertical markets.

Business Benefits

Ease of use is key for any handset. Without it, the handset fails to be a valuable tool for the employee on the move. The Spectralink 7532 wireless DECT handset leverages an intuitive design – making it easy to use for any user.

With the Spectralink 7532 handset, employees benefit from increased productivity and optimized daily workflow with easier and faster access to the information they need to perform their day to day tasks.

The Spectralink 7532 handset is certified and tested with Cisco CUCM and HCS platforms.
