

Spectralink 7532

A stylish and Feature-rich Handset for Administrative Personnel

The Spectralink 7532 wireless DECT handset is elegant yet robust with a long list of features especially designed to increase user and business productivity for mobile workers in administrative and office environments. The large color display and the intuitive menu structure make the handsets a practical and preferred choice for mobile administrative professionals across a range of vertical markets.

Business Benefits

Ease of use is key for any handset. Without it, the handset fails to be a valuable tool for the employee on the move. The Spectralink 7522 wireless DECT handset leverages an intuitive design – making it easy to use.

With the Spectralink 7532 handset, employees benefit from increased productivity and optimized daily workflow with easier and faster access to the information they need to perform their day-to-day tasks.
